

Are you moulding smallest parts on micro moulders and can not find dryers small enough to do the perfect job?

Well, here it is. See how tiny, economical and reliable our

CARD GIGANT

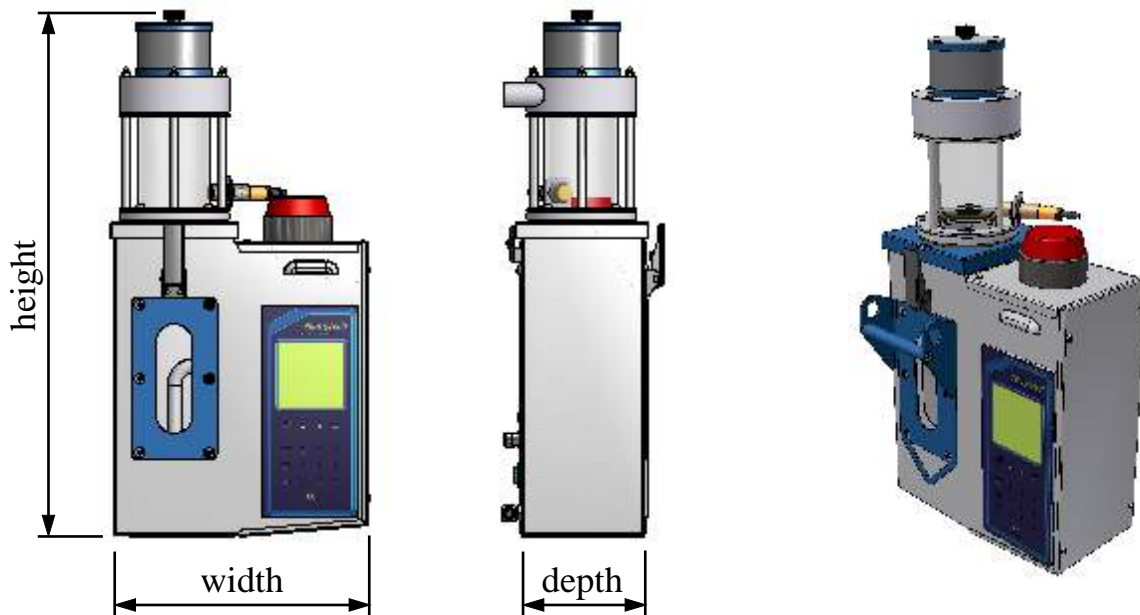

is.

- ✓ 3 year full warranty
- ✓ The most economical dryer for the application
- ✓ Very compact so that it fits on the throat of your smallest moulder
- ✓ 3 sizes to cover any of your “small” needs
- ✓ Special venturi loaders to fit and feed the smallest dryers
- ✓ Insulated drying hoppers made of mirror stainless steel for drying temperature up to 200 °C
- ✓ Stainless steel housing with sight glass, handles and hinged lid
- ✓ High accuracy temperature controller or FIT controller
- ✓ Interface for communications with many injection moulder brands and CARD Commander (only available with optional FIT micro processor controllers)
- ✓ Manufactured in compliance with *CE* standards

Why bet on something that is not even close to our CARD Gigant?

Drying solutions of tomorrow are here with us today!

Dimensions and technical data

material	time [h]	1G (FIT)	3G (FIT)	6G (FIT)
ABS, PC, PPS	2	0,30	1,0	1,9
PA 6	4	0,15	0,5	1,0
PBTP, PUR	2-3	0,26	0,8	1,6
PEEK	3	0,20	0,6	1,2
PET	4	0,20	0,6	1,2
PMMA, POM	2-3	0,25	0,7	1,4
compr. air consumption (Nm ³ /h)		1	2	3
width (mm)		143	278	302
depth (mm)		99	133	158
height (mm)		242	345	433
height incl. VacuJet (mm)		477	580	668
weight (kg)		4+4	9	11
heater rate		0,2kW		
power supply		1x230V 50-60Hz		
max. drying temperature		200°C		
drying performance in kg/h at a bulk density of 0,65kg/l
